Hide Turkey Hide!

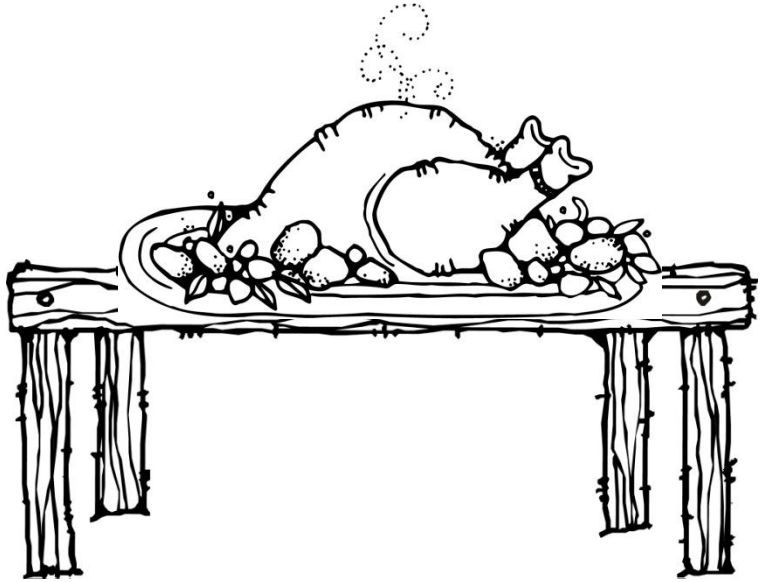
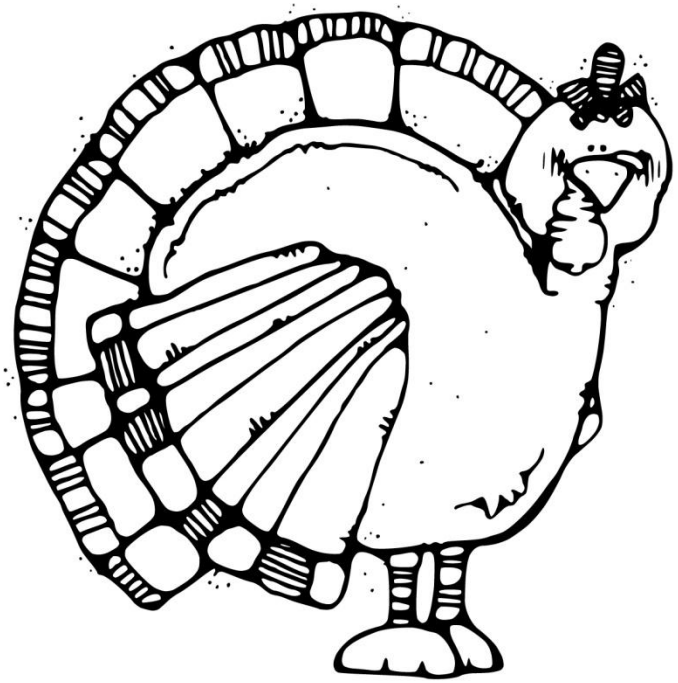
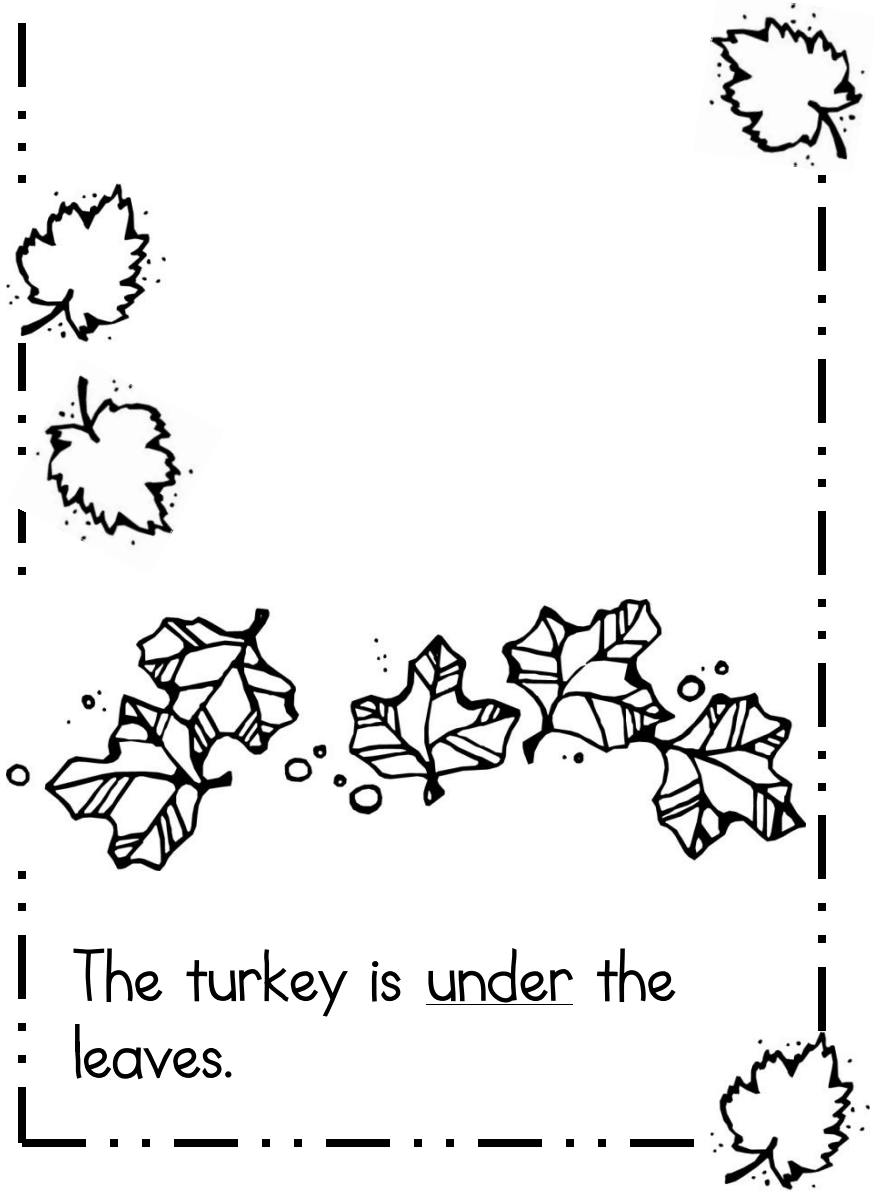
Name: _____



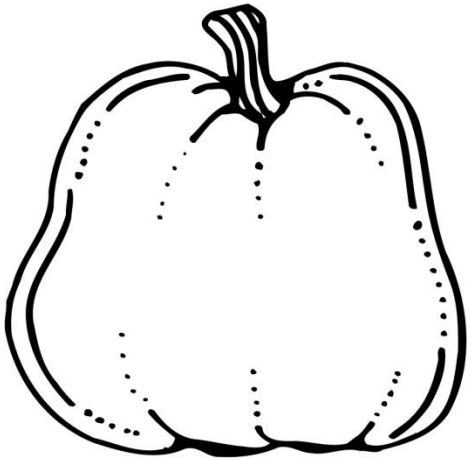
Thanksgiving is coming.



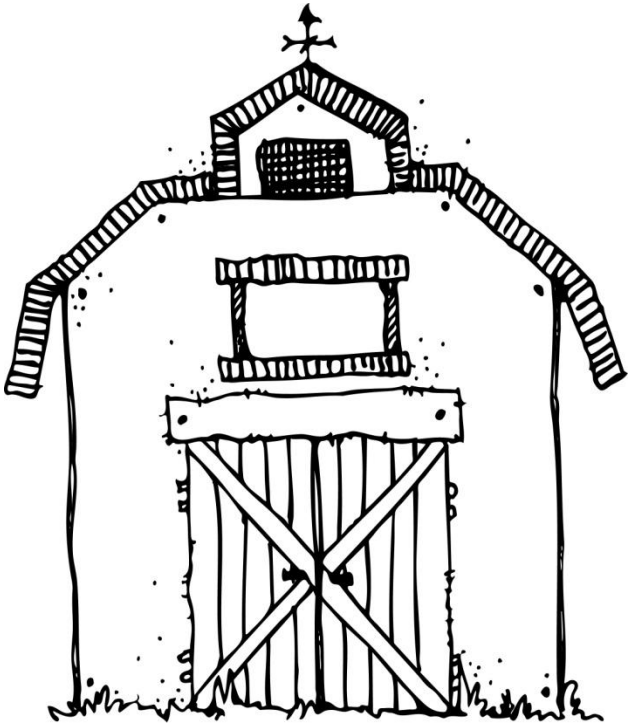
Hide turkey hide!



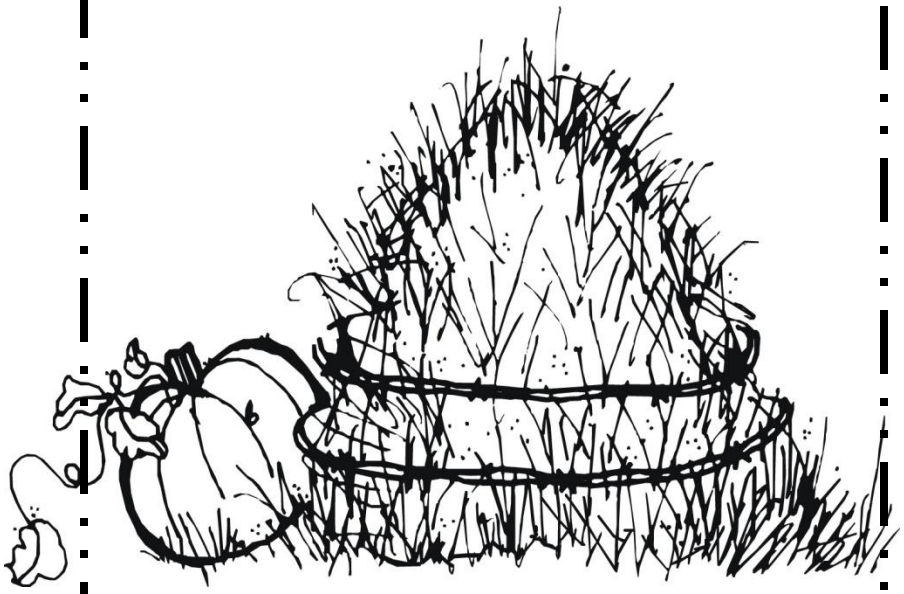
The turkey is under the leaves.



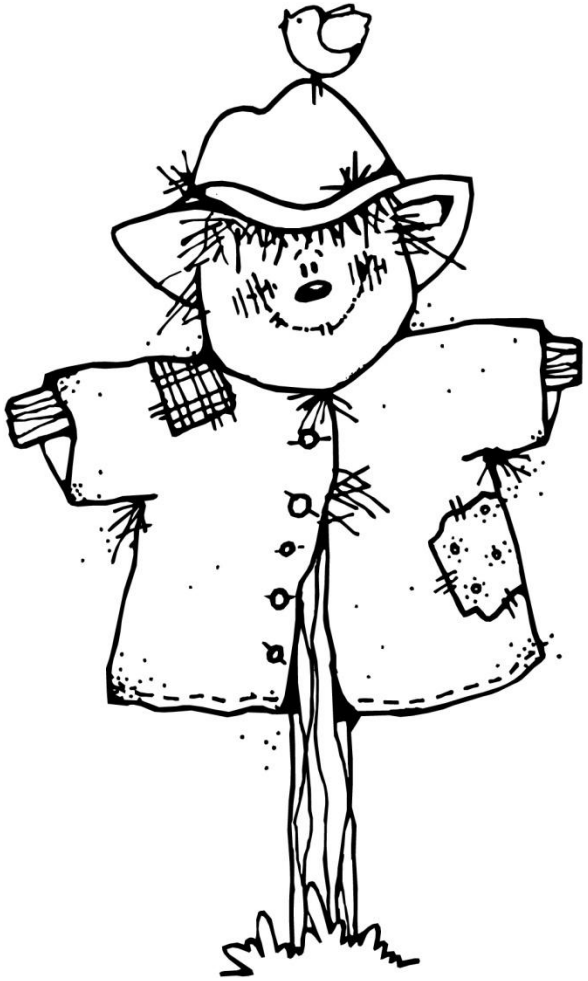
The turkey is above the pumpkin.



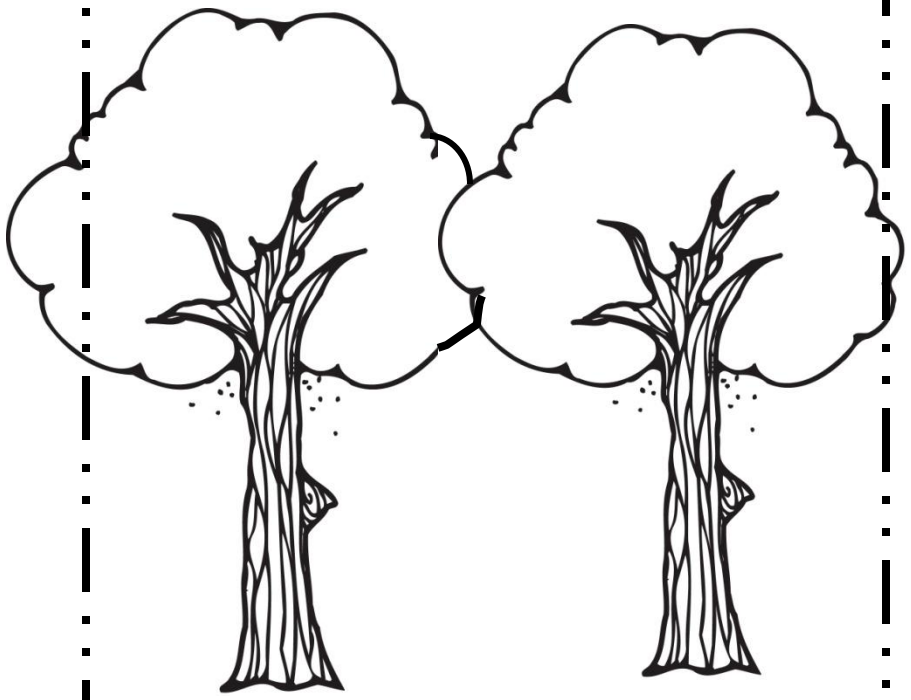
The turkey is next to the barn.



The turkey is behind the haystack.



The turkey is in front of the scarecrow.



The turkey is <u>between</u> the trees.

Dear Parents,
As you read this book with your student emphasize the positional words and move the turkey to the correct spot.

Placing your turkey under the leaves and behind the haystack can be tricky. I used our die cut and mini leaves to cover the turkey so he was hiding under the leaves. I cut a slit on the side of the haystack before I folded the page, so the turkey could run behind the haystack. You may not want to do that or have little leaves available, so I added these clip art pieces in case you needed them.
